

God's Promise of Double Blessing on Education & Evangelism

After wandering for 21 years from one rented place to another, St. Paul's Vidyalaya can confidently say, "Now, we can have a place that is truly called our own."

The sign of double rainbow said it all when it appeared in front of the car carrying four Founders of the Trust. They were on the way to dedicate a village church site for native Indian converts in Sathampakkam & Samreddypalle on 12 June 2006.

Self-Sufficiency in 2010

“Go Forth and Preach the Word with your life as true witness of Jesus Christ to bring God’s Presence into the lives of the people and the community you serve.”

“Follow my example as I follow the example of Christ.”

1 Corinthians 11.1

“This is the happiest moment of my life. To be commissioned as God’s servant to preach the word and share my life with the villagers.” declared Devasagayam; reflecting similar sentiment among the other church planters.
